

CAPABILITIES STATEMENT

NTM was started by my dad, Bob Thielen in 1976 to not only start his own business, but to become a niche machining company that supported national defense programs. He worked in the shop every day and grew the company to be a well-respected shop, now with our own product line of cutting tools. As a certified woman owned business, my goal continues to be the same. We continue to support DoD, holding an excellent supplier rating from our customers.

PRECISION MACHINING CORE COMPETENCIES

- **Production CNC Milling**
 - Up to 60” of “X” travel (left to right)

 - ◆ Size of chuck (sub spindle) 6.5”
 - ◆ Max Bar stock dia. 2.6”
 - ◆ Max Bar length 36”
 - ◆ Max Turn length 20.47”

Cage Code: 3W356

DUNS #071783401

NAICS Codes:

332710 Machine Shops

332721 Precision Turned Product

333515 Cutting Tool & Machine Tool Mfg.

ITAR Registrant Code: M43789

CERTIFICATIONS

ISO 9001:2015

WOSB Cert. # WOSB181051

WBENC Cert. # WBE1801244

PAST PERFORMANCE:

- Vendor for defense for 40 years
- 2020 Gold Star Rating
 - ◆ Outstanding Quality
 - ◆ Outstanding On-Time Delivery

EQUIPMENT LIST – 25,000 Square Feet of Production Area

- (2) CNC Mitsubishi Machining Centers
- OKK VM7III
- DAEWOO DMV-500
- DAEWOO Mynx 540
- Doosan Puma 2100 Live Tooling Lathe sub spindle w/bar feeder
- Daewoo Puma 8S Lathe
- Mitsubishi MTC8A lathe
- (3) HAAS VF-1 Mills
